Dear Mr. Swartz:

This is in response to your undated Freedom of Information Act (FOIA) request, on behalf of MuckRock News, for the surveys mentioned in the "50 State Quarters® Report."

Executive Order 12600 of June 23, 1987, requires that a government agency provide predisclosure notification to the submitter of business information whenever confidential commercial information has been requested under the FOIA. The business submitter is afforded (10) working days within which to provide the agency with a statement of objection to disclosure. If the agency decides to disclose the business information over the objection of the business submitter, the agency must notify the business submitter in writing of the specified disclosure date, which is ten (10) working days after the notice of the final decision to release the requested information has been mailed to the submitter.

The United States Mint is in the process of fulfilling this requirement and will make every effort to respond to you by February 27, 2013. Should you have any questions or concerns, please contact me on 202/354-6788.

Sincerely,

A handwritten signature in black ink, which appears to read "Kathleen Saunders-Mitchell", is written over the typed name.
